

# GEOGRAPHY FIELD TRIPS

Field Studies Ireland specialises in curriculum focused outdoor teaching through place-based education

## RIVER

Downstream Change or  
Meander Study

## COASTAL

Sand Dune  
Succession

Field Studies Ireland exist as a social enterprise to support you!

Our staff are highly experienced Outdoor Educators.

All lessons are tailored to specifically meet the needs of your group and curriculum requirements, and are fully led by our team.

All equipment and data sheets are provided, along with pre- and post-course video resources and full secondary data.

We facilitate fieldwork in Counties Down, Fermanagh, Sligo and Leitrim, making us easily accessible to schools in the East, West, North and Midlands.
